

# 「2017Asia Junior Golf Association Activity Report (Ver.1)」

Asian Junior Golf Association 非営利団体

★We support the dreams and hopes of all junior golfers!  
©Syoka Furuya won “the China Amateur Open 2017”

★ It summarizes the activity contents from April to December 2017.

★★ We participate in the "True Vision Junior Golf Championship," hosted in Thailand each year in April.

★ We won the tournament held in Thailand in April !

★ Masaki Mikura won the “ True Vision Junior Golf Championship” following Keita Nakajima, who won the event in 2016.

★ We participated in a European tour "Volvo China Open" in April!

★ I went to the European tour with Masaki Mikura who won the China Amateur Championship in 2016 ! It was the first time a Japanese high school student participated in a European Tour event .

# We participated in a European tour "Volvo China Open" in April!

★ In China I went to the "Chinese Foreign Association in Beijing" for a greeting and interaction between Japan and China. From now on, we will promote youth exchange in Asia through golf.

★ We held the annual Kawaguchiko camp in May !

★ We host a junior golf camp at Narusawa Golf Club and Fujizakura Country Club during the Golden Week in May. Four young professionals participated this year. This professionals' participation fee is covered by JGDF.

# ★ Young Professional Golfers active in the tournament came to our camp as a coach in May

★ At the camp in May 2017, we effectively use “Trackman” data analysis equipment purchased with a grant. Since we did not purchase a new model this year, we could invite young professionals to participate as a coaches.

★ At the summer camp in August we did a detailed data measurement inside the course.

★ In the August camp, I carried the Trackman onto the course and measured the data. All data are easily shared with the juniors using the mobile "AirDrop" function.

★At the summer camp in August we held seminars with guest coaches and fitting teams as well.

★ We requested guidance from trainer of Total Golf Fitness "Mr.Ezawa "who is teaching a lot of active professionals, such as Kosaihira pro, Shino pro, who are active on the JGTO tour. Lesson fees etc were supported by a subsidy.

# ★Anyone can join in the AJGA camp or Asian tournament.

## ★ 2017/8/11 (金) ~ 8/20 (日) 『AJGA河口湖マジックサマー キャンプ』【10days キャン プ】 山梨県鳴沢ゴルフ倶楽部、 富士桜カントリー倶楽部

参加費：¥12,000 (税込) / 1 日につき  
AJGA主催の夏休みキャンプのお知らせです。今年のサ  
マーキャンプも河口湖にて2週間の予定で開催しま

す！。

富士桜カントリークラブはフジサンケイクラシックでのトーナメント開催でも有名です。鳴沢ゴルフ倶楽部や朝霧カントリークラブも戦略性溢れる難しいコースで特に、高速のグリーンと、洋芝のフェアウェイは技術向上に役立ちます。

キャンプ中は、花火大会やパーベキュー大会、肝試しやスイカ割りなどのイベントも盛りだくさんです。

また、卒業生のプロをコーチに招いてジュニアと一緒にキャンプを楽しんでもらおうと考えています！今年もAJGAサマーキャンプをお楽しみに

★ 2017 AJGA Camp widely looking for participants on the Internet like this. Our camps are not a member system, so anyone can participate freely. Also, during the period of the campers can join for only 1 day if they wish.

In addition, any junior golfers who are interested can participate in the domestic camp for 35 days, or Cinta sayang Malaysia camp in February and many Asian amateur championships.

Throughout the year we have more than 100 days of camp and tour.

We also thanks to cooperate with Shishido Hills CC, Okabe Chisan CC, ,Asagiri CC and Cinta Sayang CC Malaysia etc.

★ In 2017 We also had good personal results.  
Congratulations Everyone !

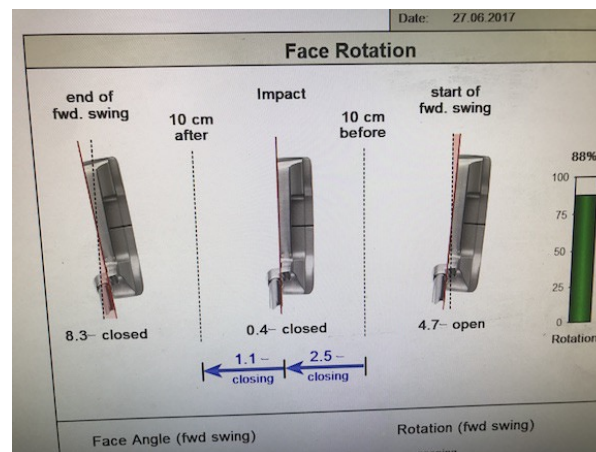

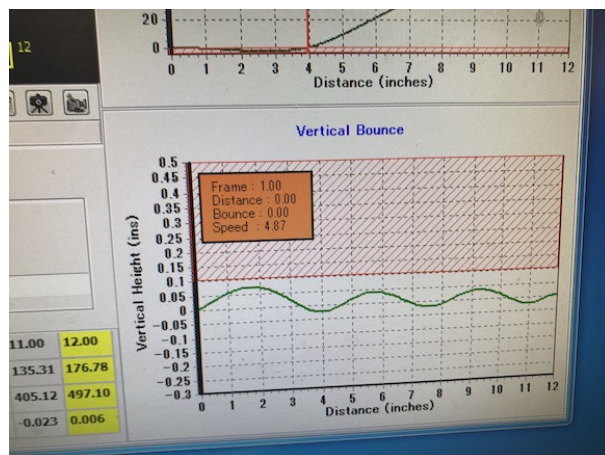

- ★ Keita Nakajima won the Kanto Amateur Championship!
- ★ Yuka Saso Suntory Ladies' Best Amateur
- ★ Mayu Wakui won the Sansupo ladies amateur !
- ★ Shoka Furuke won the China Amateur Championship!
- ★ Yuna Kawabata and Kuranosuke Shimizu won the Jiyai Shin three bond championship (Korea)!

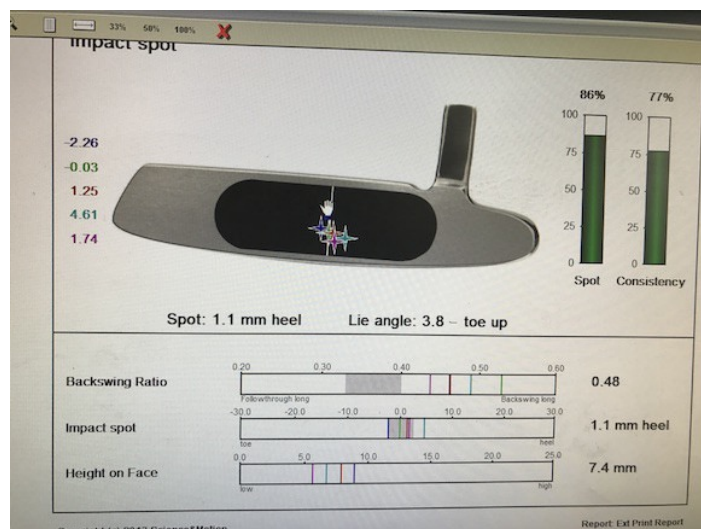

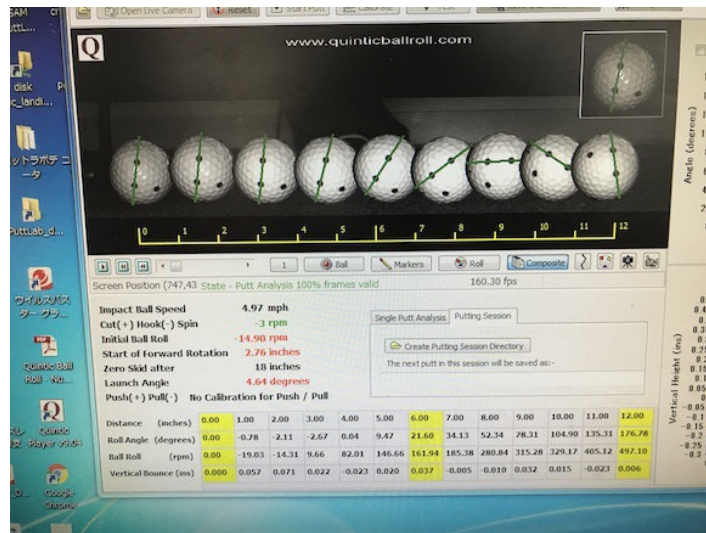

★ This year we cooperated with the coaches and held various seminars.

★ We held a data analysis seminar for putting, in cooperation with Ebisu "GPC (Golf Performance Center) "Kentaro Omoto "coach in June.

# ★ The latest putting analysis measures 6 items Using three devices and measures them.

★ Analysis of the latest putting by Prof. Omoto will be analyzed with three equipment of Video analysis, Quintec roll, or Samputt lab.

【What are the six listed items?】

- 1) face Angle of putting address
- 2) Orbit from the top (Impact of face angle)
- 3) Lie angle (impact position of putter face)
- 4) Orbit from the side (launch angle & hand position or swing width)
- 5) Face rotation
- 6) Rhythm & Timing

In Japan, I felt that introducing such scientific analysis is more important, I still thought that We still have room for improvement.

# ★We held a data analysis seminar of Truckman at the practice range..

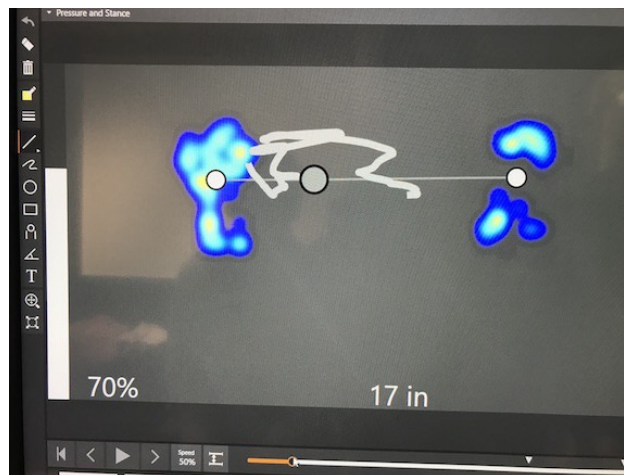

★ Trackman's data analysis lesson was also held at the practice range in Tokyo and Chiba. We give priority to Junior golfers who want to start golf now.

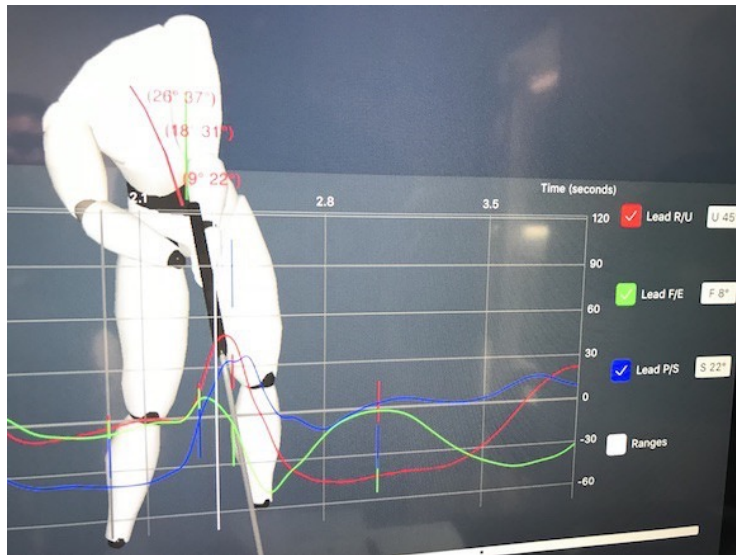

# ★We held the latest 4D motion seminar of PRGR

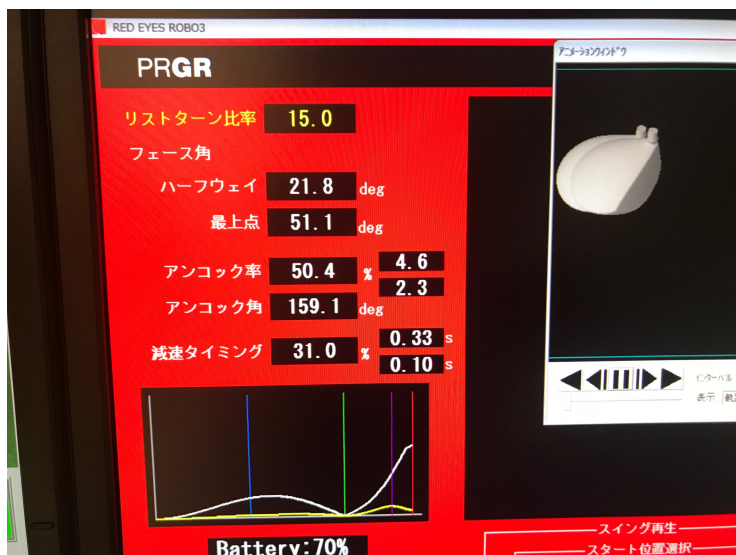

★ The latest motion analysis “4D motion” analyzed by Mamoru Miyagawa Pro (PRGR Ginza) quantifies the movement of the body. It is a revolutionary data analysis breakthrough in Japan

★ You can also check the sensory part such as "to swing late (at a ball)" or "Too much quick twist of the wrist"

★ In the latest motion analysis, vague, sensory instructions such as "to swing late (at a ball)" are also replaced by concrete numerical values. "Rotation of wrist "such as "Too much quick twist of the wrist" can be expressed in the same way as well.

If you analyze the movement of the body and analyze the movement of the clubs and balls by using trackman, you can set up practice goals more efficiently.

We widely disclose the figures we measured here on the internet and on our website.

★ We also held an outdoor fitting with "Even Golf Labo".

★ Even Golf Labo also came to the camp and offered the latest Club fittings to the junior campers.

★ We held a youth culture exchange between Japan and Malaysia in August. The local Kedah State Sports Council organized parties.

★ We are focusing on international exchange between Japan and Asian countries. Following the exchange with Myanmar last year, this year we held cultural exchanges with Malaysia in August.

# ★2017 Japan & Malaysia Ryder Cup Form Friendly match match on the first day

★ We held the team match in the Ryder Cup Style matches which is used worldwide for team competitions. On the first day we aim to earn points of doubles match.

# ★2017 Japan & Malaysia Ryder Cup Form Friendly match match on the first day

★ Tournaments are held in match play format. It is a characteristic of this competition for the team members who finished their match to head back out to the course to support other team members!

# ★2017 Japan & Malaysia Ryder Cup style Friendly match match Day 2 and award ceremony

★ The second day of the tournament is singles match play. The Japanese team took the lead.

# ★2017 Japan & Malaysia Ryder Cup style Friendly match match Day 2 and award ceremony

★ The Japanese team won the tournament  
with the total of the points for the

# ★ Asian nature experience (uninhabited island adventure cruise & fishing)

★ On 8/31 we went to an uninhabited island for cruising and fishing! In Japan we cannot experience nature like this. They seemed to be all happy.

★ We were able to touch the Malaysian food culture and the history of the country!

★ We are also focusing on experiencing Asian culture. We believe that this is necessary for developing future leaders active in Asia.

★ In 2018, We are planning to be held this event with new participants !

# ★ We participated in the Thailand amateur open in October !

★ This year will be the 5th participation for our team. We have to get accustomed to the Asian culture and food in preparation of Asian professional tournaments in the future. The last day We have a dinner with the Taiwan team.

★ We participated in the Thailand Junior Championship in November !

★ This year the girls finished in second place both for individuals (Ms. Hiraki) and the girls' Team competition. They had trouble with a difficult course and hard conditions those than in Japan. The Japanese wish to win the championship next year!

## ★ The latest golf situation in China

★ Last year I came to China Amateur Golf Open too. This year, Feng Shanshan of China has become the world rank No. 1. As golf was adopted for the Olympic Games, golf became a popular sports instead of a luxurious sports.

At the venue ,They also had a "first tee event." (for the beginner junior ,the participation fee is about \$6.5). China Golf Association want to increase the junior golfer's population to 20 million over the next five years. China golfer's population is increasing tremendously every year. In addition, next year, two Pro Tours (China Tour and PGA Tour China) will be held in China, and four-day competition of 32 games will be held every week !

# ★ In December, Shoka Furuke won the first prize at the "China Amateur Championship"!

★ Following last year's Masaki Mikura won in China, Shoka Furuya wins against to Chinese national team. It was first time win for her and great achievement for our team. She have been practice with our team for 8 years from elementary school fifth grade to 3rd year high school now. So we are so happy this victory!

★ In December, Shoka Furuke won the first prize at the "China Amateur Championship"!

★ We participated in expedition to China by utilizing the subsidy of Yonex Foundation. Also this year we received an invitation from the China Golf Association. "Belt and Road" is a word expressing friendship between Japan and China.
